Greetings from Tallinn University of Technology (TalTech).

TalTech is ready for Spring Semester 2020 application period. Thank you for everybody who has sent the nomination already!

- Please send the nomination based on the bilateral agreement (the number of students, the field of studies and the Semester of studies)

- The name of the student(s) as written in their passport

- Their e-mail address(es)

  Student’s major and study level with your contacts to kerti.sonmez@taltech.ee or incoming@taltech.ee

- Official name of the home university (Erasmus code if applicable)

We are going to inform your students and you about admission procedure by e-mail.

Online application deadline for Spring Semester 2020 (official dates of the Semester 27.01.2020-14.06.2020) is 15th of November. We do not have separate nomination deadline, there should be enough time from nomination to application deadline, that students could collect all the required documents.

We kindly ask your students to fill in the online application and attach following documents:

- Transcript of Records
- English Certificate at B2 level
- Copy of identification document (passport for non-European Union students)
- Learning Agreement
- CV

Exchange students have to choose courses from English taught programmes and make their personal timetable based on our course offer. Individual projects, thesis or internships, are provided in case the student has agreed it with our Professor prior the application deadline. The course list is ready from today.

All the applicants will receive an informative e-mail (information will be provided also at our web page) after 15th of November concerning the campus accommodation. First come, first served.

Please check out, is our grading system acceptable at your university? Some courses have only passed/failed (non-graded) assessment.
If you have any questions, please feel free to ask or check our web page
http://www.taltech.ee/exchange

Your students are welcome to Tallinn!
